Docket No. 98N-1265 7228 '99 MAY 25 AIO 55
Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I have used compounded progesterone
for 16 years. It has controlled my depression
and anxiety and enabled me to work full
time. I want to continue to use my pharmacy
in Wisconsin and not be restricted.
Thank you for your consideration.
